

# TRAINING & ASSESSMENT

TAA40104

## Certificate IV in Training & Assessment

### Course Outline

This qualification will provide you with the skills and knowledge to facilitate learning, maintain and enhance professional practice through competency-based assessments.

You will learn how to design and develop learning programs and resources to support delivery. You will also learn how to plan and organise assessment, design and develop tools and assess competency in a vocational, training & education environment.

### Career Opportunities

Successful completion of a Certificate IV in Training and Assessment provides you with the opportunity to facilitate training and conduct assessments in a range of settings with individuals or groups, e.g. vocational training at TAFE colleges, coaches and mentors in industry, off-shore vocational trainers, and human resources professional development officers.

### Location

This course is available via the Kalgoorlie campus.

### Study Mode

#### Options:

#### Flexible

Flexible students can complete the units in their own time - beneficial for those wanting to combine work and study.

#### Recognition of Prior Learning

Available for those with experience in a supervisory role.

### Unit Outline Examples
