

MANAGEMENT

BSB60607

Advanced Diploma of Occupational Health and Safety

Course Outline

This course provides you with the practical skills and knowledge to work within supervisory level positions in the field of OH&S.

OH&S is a key priority area in workplaces nationally. As all workers must adhere by OH&S standards, an understanding of OH&S practices and requirements will increase your employability and promotional opportunities.

VTEC OH&S graduates can enjoy significant financial and professional rewards, having specialised in this area of expertise. Our programs cover systems safety management, legislative requirements and obligations, hazard and risk management.

Career Opportunities

OH&S graduates can enjoy career opportunities in the safety field in a variety of industry areas.

Location

This course is available online throughout Western Australia.

Study Mode

Online/Flexible

Online training enables flexible and self-paced training, using some of the most innovative online tools available.

Students will require access to a computer and the internet, and will need to be able to use programs such as Microsoft Word and Excel.
